

Monica Harding's Christmas Card Competition

Every year, Monica sends Christmas cards to charities, businesses and constituents across Esher and Walton featuring artwork designed by local pupils. This year, we are once again inviting primary school pupils across the constituency to submit their original designs. The top three entries will be selected to feature as Monica's official Christmas cards for 2026.

The three winning students will each receive a personal visit from Monica to their school, where she will meet them and have a photo taken to celebrate their winning design, along with a certificate.

How to Enter

- Pupils may submit any festive or winter-themed artwork – paintings and drawings are welcome. There is no set brief, so we encourage children to be as creative as they like! Bright, bold colours work especially well. **This competition is for all students up to, and including, Year 6.**
- **Designs must be original artwork** - photocopies will not be accepted.
- **Format:** Please submit designs on A4 paper. Please note that the winning design will be reduced to A6 for printing.
- **Materials:** Please avoid any glitter, glue, cotton wool, and other stuck-on items, as these do not reproduce well in print.
- **Student details:** Every entry must include the student's **school, full name, school year, and age**, written on the back of their design. Without this information, we will be unable to identify the winner. Please ensure that handwriting is legible - if we cannot read a name clearly, it may be spelt incorrectly on the final card.
- **Important note on privacy:** The winning student's first name, age, and school year as well as a photograph will be printed on the Christmas cards. Please do not submit an entry if a parent or guardian would not be comfortable with this information appearing on the card.
- **Deadline for entries:** Friday 9th October 2026.
- Please send all entries to:
